

Occupational Health Solutions

Your trusted partner in workforce health.

At WorkCare, we know that healthy employees make for a stronger, more successful business. For over 40 years, our occupational physician-led team has been helping companies keep their workforce safe, healthy, and productive—from hire to retire.

Our proactive approach to occupational health program management ranges from preventive screenings and injury care to on-site clinics and leave management. Our solutions help ensure compliance, reduce risks, and support employee well-being across all types of industries.

COMPREHENSIVE SOLUTIONS

- **Occupational Health Screening** – Promote workplace safety and stay in compliance with requirements for medical monitoring exams and drug testing.
- **Incident Prevention** – Minimize injuries with expert-led virtual and on-site prevention programs and ergonomic assessments.
- **Injury Care** – Access 24/7 telehealth triage via occupational health professionals for work-related injuries and illnesses.
- **Telemedicine** – Remote access to occupational health physicians for fast, effective diagnosis and treatment.
- **On-Site Clinical Services** – Convenient workplace clinics offering exams, injury care, and prevention programs.

- **Event Medical Services** – Protect the health of employees at corporate and public events with on-site first aid and emergency care.
- **Leave Management + Return to Work** – Expert guidance to manage absences, comply with employment laws, and help employees return safely to work.
- **Case Management** – Reduce workers' compensation costs and help facilitate recovery with professional oversight of injury and illness cases.
- **Consulting Medical Directors** – Direct access to occupational health physicians for clinical oversight, workplace hazard consultations, and compliance support.
- **Wellness Solutions** – Promote employee well-being with our Wellness Hub and comprehensive, integrated wellness programs.

WHY CHOOSE WORKCARE?

- **Trusted Expertise** – Decades of occupational health experience.
- **Proven ROI** – 4:1 return on investment with our programs.
- **Technology-Driven** – Health monitoring, compliance tracking, and analytics to identify and respond to trends.
- **Total Health Solutions** – Multi-dimensional incident prevention and wellness offerings to engage employees in healthy behaviors.
